

ALLIED PARANORMAL TEAMS

Membership Application

About APT

Allied Paranormal Teams (APT) is a professional network of experienced paranormal investigation teams and solo investigators across the United States. Membership is limited to teams or investigators with at least two years of active experience. Applicants must demonstrate a commitment to honest investigation, clear documentation, and professional conduct. Fabricating, staging, or misrepresenting evidence results in immediate and permanent removal. Accepted members may receive case referrals and may use the APT designation. Membership is at the discretion of the founder and may be ended at any time. APT is not a social group. It is a standards-based affiliation for investigators who prioritize integrity over publicity.

Incomplete applications will not be reviewed. Submit one real case report as a work sample.
